

Application No. 09/386,641
Group Art Unit: 3623

- 2 -

B²

17.(Amended) The method of claim 1, wherein at least one of said defined plurality of defined personality traits are chosen from the list of independence; competitiveness; assertiveness; conscientiousness; convention; organization; extroversion; group orientation; outgoing; stability; poise; relaxation; and social desirability.

B³

20.(Amended) The computing device of claim 19, further comprising

c. a network interface, in communication with said processor and for interconnection with a computer network to receive said employment position data and said individual candidate data from said computer network

REMARKS

Claims 1-27 are pending. Claims 7, 8 have been amended to correct a clerical informality. Claim 17 and 20 have been amended in response to a request in the Office Action mailed October 8, 2002. Entry of this amendment prior to consideration of the Appeal Brief filed in the application concurrently herewith is requested.

No new matter has been added to this application by this amendment.

A version of the claims with marking to show changes made is also attached.

In view of the foregoing, favorable reconsideration and allowance of the present application are earnestly solicited.
